

RAYMOND HIGH SCHOOL

Unified Arts I

February, 2010

RHS Music Department incorporated performance assessment for the midterm exam. Students performed repertoire for all middle school musicians and the entire eighth grade. Our students completed a self-assessment. The audience completed an assessment based on our competencies. The process was very successful and much more practical.

The Art Department is pleased to announce two award recipients in the prestigious Scholastic Art and Writing Contest. The contest involves competition between all New Hampshire High School Art programs. Shawna McGahey received a Gold Key for her ceramic piece, "Cow", Haley Deeb received a Silver Key for her pencil drawing, "Growth." Keys will be presented at an awards ceremony at Pinkerton Academy on February 13th.

Congratulations to Kathy and her very talented students!

Senior Kevin Campbell was accepted into the music department at Keene State College after successful completion of the audition, interview, and placement test process.

A very big Thank You to Apryl Vanderwall for her customized Unified Arts I mouse pads as part of her work in our Graphic Arts program.
