

## Raymond School District Policy - IGD

### CURRICULUM ADOPTION

It is the policy of the School Board that no basic course of study shall be eliminated or new courses added without approval of the Board, nor shall any significant alteration or reduction of a course of study be made without such approval.

New programs and courses of study shall not be acted upon by the Board until the meeting following their presentation by the administration so that Board members may have opportunity to review the proposed program.

This policy tends to stabilize the content of courses of study, reduce the possibility of numerous or extreme changes with requirements of new textbooks, materials, or instructional procedures, and lessen the opportunity for an educational climate to creep into the school system unknown to and without the approval of the Board.
