

Raymond School District Policy - JLIE

STUDENT AUTOMOBILE USE

Improper use of a motor vehicle on school grounds can result in suspension from school for a period of time not to exceed five (5) days. Driving a motor vehicle from school grounds during the school day without written authorization will be considered improper use of a motor vehicle and will be considered grounds for suspension.

If a student leaves the school grounds in a motor vehicle without authorization, parents will be notified and the student will be subject to disciplinary action, including suspension from school.

Parking at the school is a privilege granted by the school and the privilege will be withdrawn if it is abused.

Prior to driving or parking on school grounds, students will be required to register motor vehicles in the main office and will be required to have a school permit on the motor vehicle.

The interior of a student's automobile, on the school premises, may be searched if the Principal, Assistant Principal, or other designated person has reasonable suspicion that the automobile may contain items that have violated or are violating either the law or the rules of the school.
