

1. Where does it list the payments to Seacoast Mental Health and Coalition for Behavioral Health?

- Seacoast Mental Health: psychological services in budget
- **Not Coalition my mistake it is Constellations Behavioral Health.**
 - One contract under special education.
 - One contract under Project Aware Grant

2. Sped office dues are listed for \$5000. Who are these dues paid to?

- Administrative dues: NHASEA, NHSSA
- Subscriptions to licensure programs.

3. For the other contracted services \$1,577,763 do we pay by the hour? Do Constellations, Boothby, ALORE, Easter Seals, etc. come to the school or do the students go to the organizations?

- Depends on contract provider.

Why the big jump from school year 19-20 when it was less than 1 million dollars?

- Increase rates by Boothby
- Increase in students requiring services.

4. Psychological test supplies are \$7500 this year, and there are amounts for the 5 years that are listed. Who is tested? What is the purpose?

- All students referred for special education evaluations must go through academic and social emotional testing.
- Students currently on IEP's must go through a 3 year evaluation which requires academic and social emotional testing.
- See attached sheet.

Under Safe and Secure School Environment, in the Strategic Plan, Goal 1 is "The students of the Raymond School District will be consistently supported by a coordinated system of strategies, programs and protocols designed to protect their safety and well-being while nurturing resilience and the adaptive coping strategies they need to thrive in school and in life."

One of the strategies in Year 1 (2018-19) says "conduct or examine a baseline student survey and data to take steps to strengthen the District wide campaigns/programs that provide social and emotional support for students (e.g. anti bullying)

- We conducted the SEABRS survey to support social emotional needs of students.
- No cost to district.

School Psychologist Budget 2022-2023
