

# RAYMOND SCHOOL DISTRICT

In the next few months, the 2018-2019 School District warrant articles, including the budget, capital improvements, and collective bargaining agreements, will be finalized through meetings and hearings with the public and the Budget Committee before appearing on the ballot for your vote. The public hearings scheduled below are the opportunities for the public to give input and make comments. Your input is a valued and welcome part of the budgeting process. We look forward to seeing you there.

Please continue to check back at [www.sau33.com](http://www.sau33.com) "Voter Information" as we update meeting and public hearing information.
