An Important Notice Regarding School Closing in Response to Coronavirus- COVID-19

Dear Families,

Governor Sununu has announced that all schools will be closed until at least April 3rd due to COVID-19. The LRES teaching staff have been working hard to create a “remote learning model” for our students so that their time away from school has minimal disruption on their learning goals and academic achievement. Each grade level has designed a learning plan for our students. This learning plan includes daily/weekly activities using both online resources as well as hands on experiences. There are many online resources that our students use on a daily basis already. Students have logins and passwords for these resources. Teachers will be in touch with you in regards to accessing the daily lessons and activities planned.

Student Academic Expectations

All students are expected to participate in the online lessons and activities that are being prepared by teachers and loaded into Google Classroom. The learning activities are relevant to the students’ current academic standards. There may be times where parents will need to provide some assistance for the completion of certain activities. Please feel free to reach out to teachers and support staff if you have any questions. Teacher availability is listed below.

Staff Contact

All staff and administration will be available daily by email 8:30am-11:00am & 1:30pm-3:30pm. If you have any questions, concerns, or need to get in touch with any staff member, please email them directly. There will be times when staff would like to call and talk with you. Please note that the number will come up on caller ID as “private number”. If there are messages that need to be shared out to our entire school community, administration will utilize our phone messaging system that we currently use for our Friday phone calls.

LRES Learning Schedule

It is important for our students that routines are in place for learning. As a school, we have created an A Day, B Day schedule where activities and learning opportunities will be outlined on each day.

LAMPREY RIVER ELEMENTARY SCHOOL

Dorothy Franchini
Assistant Principal

Monday	Tuesday	Wednesday	Thursday	Friday
A Day	B Day	<p>Screen Free Day Example: *Go for a walk and create a journal for things we noticed</p> <p>*Build something from a cardboard box</p> <p>* Read a book to a stuffy</p>	A Day	B Day

Those students that currently participate and receive support from our Title I staff, Interventionists/Special Education Teachers, and related service providers, will continue to receive support from the staff. This will look a little different since we are working with a remote learning model, but know that they are prepared to provide academic support as needed. They are also available daily if you need to email them with questions or concerns.

Ongoing Communication

Please know that the LRES staff are here to support our families as we transition into this remote learning experience. It is with collaboration and ongoing communication that we will be successful in this learning model. Please be patient and reach out with any questions you may have during this time.

Sincerely,

Laura Yacek
LRES Principal
