Non-Public Session: MOTION: Janice Arsenault moved, seconded by Michelle Couture, to enter into non-public session under RSA 91-A:3 II (b) "The hiring of any person as a public employee" and (c) "Matters which, if discussed in public, would likely affect adversely the reputation of any person other than a member of the public body itself, unless such person requests an open meeting." Upon the Board members being individually polled, the motion was voted in the affirmative by Joseph Saulnier, John Harmon, Jaclyn Serrine, Janice Arsenault, and Michelle Couture. The Board entered into non-public session at 6:46 PM and resumed public session at 7:01 PM. Other than the vote to exit non-public session (which was moved by Joseph Saulnier, seconded by Janice Arsenault, and upon the Board members being individually polled, was voted in the affirmative by Joseph Saulnier, Michelle Couture, Janice Arsenault, John Harmon, and Jaclyn Serrine), no motions were voted during this non-public session.

Public Input: Alison LaCasse approached the Board and asked that, since she didn't realize there was an action item this evening regarding the Unified Arts schedule at LRES, she be able to provide comment after the presentation this evening.

Randy LaCasse approached the Board and stated that he was disappointed with the School Board's decision to not take into account all the data provided regarding moving graduation to a Saturday. He feels that the Saturday option was a good one, and that the data supported that.

Recognition: Student Representative to the School Board Jeff Rivard was recognized for his year of service on the School Board.

Jaclyn Serrine was recognized for her service since 2014 as a School Board Member.

John Harmon was recognized for his service since 2006 as a School Board Member.

Unified Arts/Master Schedule - LRES: LRES Principal Bryan Belanger and LRES Assistant Principal Laura Yacek presented information about their current Unified Arts Schedule. They reviewed the evolution of the schedule, including: the creation of the core schedule in 2015 and the transition to full day kindergarten in 2016; the current schedule; and results of surveys of 33 schools and of staff members.

During discussion:

- Mr. Saulnier stated he would like to see the computer lab at LRES used more than it is now. Mrs. Yacek stated that classroom teachers have been asked to book computer time a certain number of times per week to use that space. Mr. Belanger stated that mobile technology is also brought to the classrooms.
- Mr. Harmon stated that the Board has asked for recommendations of a change to the schedule, and asked if administration has a recommendation. Mr. Belanger stated they found through their research that 79% of similar schools are using the same model. While other options are available, Raymond is doing what other schools with similar resources are already doing. Mr. Harmon stated some of the problems are the rigidity of the schedule and the need for UA teachers to input 500 entries into PowerSchool. He stated that he feels that because another school is doing something doesn't mean that the same approach is right for Raymond. Ms. Serrine also expressed concern for planning for that many students.
- Mrs. Yacek stated that the fixed schedule is more for the students; that at elementary school, consistency is important. She noted that of the schools they surveyed, there was often more than one UA teacher, which is another solution to be considered. The quarters could be an idea, but then the challenge may be providing planning time as per the REA CBA. Mrs. Arsenault questioned the very short blocks of time currently being called "planning time."
- LRES Music Teacher Alison LaCasse was invited to share her thoughts. She stated that grading is difficult and daunting, that UA teachers see students 36 times a year, and there is a concern for holidays and missing classes.
- RHS Music Teacher Randy LaCasse stated that while the class load is important, the bigger challenge is competencies and the need to assess competencies just like core classes.
- Mr. Harmon asked what the Board would like to do moving forward. He stated that the Board's expectation was that they would hear a recommendation on a change. Mr. Saulnier suggested that administration see if they could visit schools that don't have two UA teachers. Mrs. Arsenault suggested that the schedule be kept as it is for now, and that they continue to work with staff and look at the schedule. Mr. Rivard stated that he would like to see how UA teachers specifically feel, as part of the survey and information gathering, instead of including them with other teachers. Ms. Serrine stated that she hopes the discussion doesn't stop today, and that a recommendation comes to the Board after consultation with the UA teachers. Mrs. Couture stated that she would like administration to look more at what other schools are doing.
- It was agreed that administration would come to the School Board at one of the June meetings, which would allow some time for revision to the schedule if necessary.

If a household would like more copies, they can contact the SAU or Town Hall.
