Christina Vogel read aloud the following letter to the Board: "Dear Mr. Saulnier and Raymond School Board,
In June I wrote a letter on behalf of the Miss Raymond Scholarship Program announcing our intention to pay off all outstanding lunch balances in the Raymond School District from Kindergarten through high school. At that time we did not have enough funds to pay off the entire debt.

However, at this time, I am pleased to announce we have enough money to pay off the entire debt. Please accept this check today in the amount of \$7,466.71. We ask that you please inform all families this impacts and let them know they do not need to worry about this debt.

We also request that you look into why we had such a high debt when lunches and breakfasts were free this past 2020-2021 school year. Can we investigate options for preventing our district from incurring such a debt again in the future?

In closing, we want you to know how proud we are of our community and the generosity shown to families and children. As a community, we demonstrated our belief that "No one should ever go hungry, especially in our town, especially the children."

Thank you for your service to our community.

Humbly Submitted by the Miss Raymond Scholarship Program,
Mrs. Christina Vogel, Executive Director"

The process normally starts right after the holidays.

Mr. Woodward presented the Board with the RHS Principal's Report, as found in the meeting agenda.

LEAP Update & Before School Program Update: Youth Program Director Patrick Arsenault presented the Board with updates on the LEAP Program and Before School Program, as found in the meeting agenda. Mr. Arsenault shared that it can be found by putting 21CCCLC in Google. Ada Vadeboncoeur asked for clarification on the timeline. Mr.

Arsenault reported that the RFA will come in November, application due in March, and awarded in May.

In regards to the before school program, there has been discussion about adding the 4th and 5th graders to LRES and bussing them to IHGMS. John Harmon would like to see more information from the bus company on how this could or could not work. Mr. Bickford and Mr. Woodward spoke with the Board about the problems that will arise from the 8th grade students taking the high school language class, and the problem solving that has been done so far. Ada Vadeboncouer asked for more information to be gathered on the possibility of adding the 4th and 5th graders to the LRES before school program.

Joe Saulnier asked if the state was doing the safety grant projects, such as when the front walkway was done. Marjorie Whitmore shared that she has not heard anything about that but she could look into it. Ada Vadeboncoeur shared that she does not want using ESSER funds to affect their

ability to service students. Tony Clements shared that this was a safety issue for him. Marjorie Whitmore shared that she could take the steps to look into a safety grant first, then look into ESSER III funds if necessary. David DeRuosi asked if the administration could look into the grant options and come back to the Board at the August meeting.
