6:20 PM A. Considerations if School Buildings  
Remain Closed this School Year \_ \_ \_ \_ \_ Action

*Many districts in the region have moved to cancel end of year activities, and most are in a quandary about how graduation will occur. In Raymond, we would like to consider being as creative as possible to hold traditions in alternate formats if we do not return (physically) to school this year. Also, we will need to put much time into planning for on-site work or tasks to be done while adhering to social distancing guidelines that may be in place. We would appreciate feedback from the Board in relation to any of these matters (or other traditions or tasks that may not yet be on this list).*

6:35 PM B. Remote Learning (Blizzard Bags) for 2020-21 School Year \_ \_ Action

*Given the fact that our educators are now adept at Remote Learning (although they continually strive to increase their skills and knowledge), it seems like a good time to consider a formal remote learning plan for days when school is cancelled due to unexpected circumstances. The nickname for this program is 'Blizzard Bags' although you will see in the advisory (Section II - Department Comment) that it is called Remote Learning. The application requirements are listed there; I am asking for the Board to determine formally if the District should pursue this to be implemented during the upcoming school year.*

6:50 PM C. Administrative Search Committees: Board Representatives \_ Discussion

We have two administrative openings for the 2020-2021 school year. As per policy GCEB, "In the event of an administrator position opening, an administrator selection committee which includes staff, citizens and a School Board representative shall be established by the Superintendent. The School Board will determine which member will serve." This time is scheduled to determine which Board members will serve on the search committees for the following positions:

Director of Student Services

IHGMS Assistant Principal

D. Transportation Contracts During Remote Learning \_ \_ \_ \_ \_ Action

*During this unprecedented time, we have a vested interest in helping to keep our transportation companies in business. Also, new legislation pertaining to the Care Funds Act (according to advice from NHASBO indicates, "Finally the Bill makes it clear that, by accepting funds under the CARES Act, and LEA "shall, to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus" (emphasis added). Therefore, while it may be tempting for LEA's to limit costs by laying off staff or terminating contract workers, the LEA should first investigate options for keeping such personnel on, if possible."*

*I am asking for the Board to formally support paying transportation contracts during this time of crisis, in order to ensure that we will receive funding through the Care Funds Act and also to show our support for these important contractors. DAIL/STA is now helping with meal delivery and Durhaam has also offered to assist.*

F. Return to Work Protocol for Employees \_ \_ \_ \_ \_ Information

*During this time it is essential that we have consistent guidelines in place to help the District leaders determine when employees can return to work (physically). School nurses Monique Gauthier and Mark Hastings developed the guidelines below in collaboration with Karen Stuart in Human Resources and the Superintendent. We are providing those guidelines here for review and feedback.*
