*We're proposing 30 student licenses which will be able to be recycled once a student finishes his/her class for a cost of \$2,619 for 12 months.*

*Example:*

*Student failed semester 1 of Algebra 1.*

*We enroll that student as "Student A" in Accelerating to Algebra 1.*

*That student works on this course for the remainder of the year in a study hall with appropriate support and check-ins (with case manager, school counselor etc).*

*The student can complete this over the summer as well.*
