

*Email correspondence from Kelly Dobe, Dail Transportation, March 22, 2022:*

I did tell Davinney that we lost 2 Raymond drivers in February and one of the drivers that has been filling in for us is a seasonal driver returning to Pike early April. We have already pulled a driver out of Barrington (who is also short and has doubled routes), to cover the other of those two routes, and my assistant manager/driver trainer has been driving a route in Raymond as well.

There are no sports drivers to be had. We can't cover all of our bus routes. The majority of our nine districts have combined routes and have had them for several years now. Raymond has one route combined as well, in addition to the 2 drivers we lost in February.
