

Curriculum Update 9/5/18

Since last update on July 11:

- Looking at student data to determine Title 1 Selection for reading and math intervention groups for the 18/19 school year.
 - Will begin Title 1 reading and math interventions at IHGMS and LRES in mid September.

- Professional Development:
 - Responsive Classroom training was offered 8/20 - 8/21, 10 educators enrolled for the training. The training will complete in October after two additional trainings.
 - On 8/20, LRES teachers began the creation of science kits for each grade level K-5. Units and kits will assist in the alignment of NGSS and NGSX.
 - New Staff Orientation Day took place on 8/22. Our 6 new staff members learned about topics that included student services, technology integration, educator effectiveness, safety, and professional development.
 - Depth of Knowledge (DoK) Training WAS delivered on 8/23 by Teach Better to the entire SAU. The training was focused around rigor, student engagement and incorporating learning targets into lesson planning.

- Curriculum Steering Committee will seek membership this fall to formulate a written/viable curriculum, and establish a curriculum review process protocols.
