

AGREEMENT FOR THE TRANSPORTATION OF PUPILS

This **AGREEMENT FOR THE TRANSPORTATION OF PUPILS**, hereinafter referred to as the "AGREEMENT", is made and entered into this 16th day of April, 2017, by and between **RAYMOND SCHOOL DISTRICT SAU #33**, with a principal office located at 43 Harriman Hill Road, Raymond, NH 03077, hereinafter referred to as "District", and **DURHAM SCHOOL SERVICES, L.P.**, a Delaware limited partnership, with its principal office located at 4300 Weaver Parkway, Warrenville, Illinois 60555, hereinafter referred to as "Contractor."

1. Scope of Services.

- a. Contractor shall provide pupil transportation services to District which includes, but are not limited to, transporting students; providing equipment, storage and maintenance thereof; providing employees to perform such services; and administrative, supervisory and operational services required thereby ("Work") at the rates set forth on Schedule A.
- b. The District is scheduled to operate schools for one hundred eighty (180) days per year. The District reserves the right to cancel or delay school days based on inclement weather or other emergencies. Should the District extend the days of operation beyond one hundred eighty (180) days, Contractor shall be required to perform the additional transportation services, and will receive additional compensation based on the daily rate of service. Should the school year be less than one hundred eighty (180) school days, Contractor's compensation shall be reduced based on the daily rate of service.
- c. Contractor agrees to transport students for any and all extended school year services as required for each individual student, including to/from tutorials, both in and out-of-district, which may extend beyond the standard one hundred eighty (180) day school year. The allowance for these transportation needs will be negotiated between the District and Contractor in June of each contract year.
- d. Contractor shall maintain a maintenance and dispatch terminal sufficient to service the needs of the buses and drivers. While the terminal is not required to be located within the Raymond town limits, Contractor must be able to demonstrate that the location of the terminal will not jeopardize the timely delivery of services, or the ability for Contractor to respond quickly to emergencies requiring the immediate dispatch of buses to a school(s). The maintenance facility shall comply with all EPA, local, state and federal laws and regulations. Prior to signing this Agreement, Contractor shall provide the District with either evidence of ownership of a transportation terminal or a signed lease for a transportation terminal that meets the requirements of this provision.

2. Contract Sum. The annual contract sum shall be paid in ten (10) equal monthly installments commencing on September 1 and then payable on the first of each month thereafter through June. Payments for additional trips and added days shall be submitted by Contractor on a monthly basis and paid by the District within thirty (30) days of receipt. Adjustments (and subsequent billings) based on an increase or decrease of services will be made by June 30 of the school year. In the event undisputed sums due and payable are not received within thirty (30) calendar days, a late charge of 1.5% per month of the outstanding balance will be assessed upon the account.

3. Change in Law. Notwithstanding any contrary statements in this Agreement or in any documents incorporated herein by reference in the event there are changes in the requirements of the District (such as major enrollment changes or additions of special needs or physically handicapped children, which require added transportation equipment), and the impact of such changes materially impacts the methods and/or costs of the Contractor in connection with providing the Bus Service hereunder during the term of the Agreement, Contractor, upon written notice to District, may request a renegotiation of the Agreement which shall be conducted in good faith. Such renegotiations may include, without limitation, changes in rates, term, payment schedules, levels of service, and the types or number of vehicles to be used. Any modification to the Agreement resulting from such

Raymond School District SAU #33

The District reserves the unilateral right to remove any driver, monitor, and/or other employee from providing further services under this Agreement, when it determines it is in the best interest of the District. The District agrees to consult with Contractor prior to prohibiting a driver from providing services under this Agreement and will document that decision to Contractor in writing. Contractor shall also indemnify the District for any loss the District sustains arising out of Contractor's lack of performance of this Agreement.
21. Termination for Lack of Funding. In the event that sufficient funds are not appropriated for school transportation services in the next succeeding fiscal year, the District may terminate this Agreement by written notice within thirty (30) days of adoption of the District budget for the fiscal year in question, and the Agreement shall be terminated effective immediately without further financial obligation. In the event funding is restored, Contractor shall have the right of first refusal to resume providing services to District in accordance with the Agreement.
22. Termination for Convenience. The District shall have the right to terminate this Agreement upon ninety (90) days written notice, without further financial obligation, if conditions arise making the transportation of District pupils unnecessary.
23. Termination Remedies. Any termination of the Agreement by the District shall be without cost or penalty to the District. The District shall be liable to Contractor only for amounts due Contractor as of the date of termination as Contractor's sole remedy.
24. Notices. Notices to either party to this Agreement shall be in writing and shall be considered duly served and delivered if such notice is delivered by hand; mailed via the United States mail, certified, return receipt requested; or sent via overnight service. All such notices shall be addressed to:

25. Force Majeure. Contractor shall be excused from performance hereunder, and District shall not be allowed to levy any damages or penalties, liquidated or otherwise during the time and to the extent that Contractor is prevented from performing in the customary manner by an act of God, fire, flood, war, riot, state of emergency, terrorism, epidemic or quarantine which is beyond the control of Contractor.

In the event Contractor is unable to provide transportation services for the reasons described in this paragraph and the District takes over buses during a Force Majeure event, the District shall insure that the drivers are properly licensed and the District must carry the same insurance as required by Contractor. Contractor shall inform the District when Contractor is able to resume its regular operations.

26. Strike. In the event of a strike or any reason causing the interruption of services or operations, the District has the right, after notification in writing to Contractor, to secure such other transportation as may be necessary and charge the excess cost of same to Contractor for each day of service not rendered. These deductions will be

Raymond School District SAU #33

based upon one hundred eighty (180) operating days and may be deducted from any payments due to Contractor.

27. Compliance with Law. This Agreement is made subject to all laws of the State of New Hampshire. Any clause which does not conform to such laws shall be void, and such laws shall be operative in lieu of such clause. However, if any clause shall become void, that event shall not change the legal effect of any other clause of this Agreement. Contractor shall keep itself fully informed of and agrees to comply with pertinent federal, state, and municipal laws, ordinances, rules and regulations in any manner affecting the service in this Agreement.
28. Compliance with District Policies. Contractor must be familiar with and abide by the following Raymond School Board Policies:
 - ECAF Audio and Video Surveillance on School Buses

29. Choice of Law. This Agreement shall be governed by the laws of the State of New Hampshire without regard to its conflict of laws principles.
30. Severability. In the event any provision of this Agreement is determined to be illegal or void, the remainder of this Agreement shall remain in full force and effect.
31. Amendments. Changes to this Agreement may only be made by written amendment mutually agreed to by the parties.
32. Attorney's Fees. If any legal action is brought by either of the parties hereto, it is expressly agreed that the party in whose favor final judgment shall be entered shall be entitled to recover from the other party reasonable attorney's fees in addition to any other relief that may be awarded.
33. Counterparts. This Agreement may be executed in several counterparts, each of which shall be deemed an original, but all of which counterparts collectively shall constitute one (1) instrument representing this Agreement between the parties. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original thereof.
34. Liquidated Damages. The District and Contractor recognize the expense and difficulties in proving the actual loss suffered by the District if Contractor does not perform the services specified or comply with the conditions of the Agreement by, for example, providing timely buses or the required number of buses and/or drivers. Accordingly, instead of requiring such proof, Contractor shall pay the District \$250.00 for each violation of the contract. The liquidated damages shall be deducted from the District's next payment to Contractor. District must notify the General Manager (of the contractor location that performs the services) in writing (email to General Manager is acceptable) within ten (10) school days of an occurrence giving rise to a liquidated damage claim and must assess such liquidated damage claim within thirty (30) days of its occurrence. No liquidated damages shall be assessed during the first thirty (30) days of any Agreement school year. Failure to timely notify or assess shall relieve Contractor of its obligation to pay liquidated damages for such occurrence.
35. Survival. The insurance and indemnification obligations shall survive termination of this Agreement.
