Proposal Amount	\$ 18,277.00	\$ 18,277.00			

It was hard to do a selection for this bid because they both came back at the same amounts. Since we don't have history with either company, this made it that much more difficult. I contacted legal, and they indicated the best way to handle this would be to put both names in a hat and choose that way. That is what we did in this case for this selection.
