Dear Ms. Gagne,

Raymond School District (SAU 33) strongly supports this application by EEI for Grants for Renewable Energy Generation Projects. If awarded this grant it could give our school the opportunity to use a local New Hampshire produced renewable heating source.

Our boiler and heating infrastructure is at the end of life, and if awarded this grant it would give us the opportunity to heat in the most efficient and renewable way possible.

Thank you for your consideration of this grant application.

Sincerely,

John Harmon, Chair  
Raymond School Board
