6:35 PM B. Request for Inclusion on the School Board Agenda \_\_\_\_\_ Action  
Re: Reconsideration of Instructional Materials

*A middle school parent has requested reconsideration of instructional materials. She had originally appealed to the building principal, as per policy KEC. I have also reviewed her request. In both instances, the materials in question were found to be appropriate. The parent is now appealing the decision to the School Board. She has chosen not to present to the Board in person, but has submitted a letter to the School Board.*

*It is important to note that the material the parent is asking the Board to reconsider is not a non-academic survey in accord with Raymond School District Policy ILD, Non-Academic Questionnaires, Surveys and Research in that it is not a survey, analysis or evaluation pertaining to topics referenced in Policy ILD.*

*Mr. Bickford was a member of the committee that was established in accord with Policy KEC. the Raymond School District's Policy on Reconsideration of Instructional Materials. He will summarize the findings of that review committee.*

*Because there is a lot of information provided below, I thought it might be helpful to provide [this correspondence](#), which clearly lists the questions of the assignment.*
