

Count of Which option for RHS graduation would you like to see? Moving our date may allow for us to hold our traditional celebration.

- Any date is fine and like the ceremony at the school as tradition
- As late as it needs to be to be able to do it in person and without a parade
- Hold off until the pandemic is over and allow the seniors to have a normal graduation and let them walk for their diplomas
- middle school out door
- Postponing graduation as long as we need to in order for our children to be able to have a "normal" graduation
- RHS Graduation be held on Friday, July 17. This may be a modified ceremony (a parade through town, virtual components, and the presentation of diplomas at RHS or an alternative location).
- RHS Graduation be held on Friday, June 12, as originally scheduled. This may be a modified ceremony (a parade through town, virtual components, and the presentation of diplomas at RHS or an alternative location).
- RHS Graduation be held on Friday, June 26. This may be a modified ceremony (a parade through town, virtual components, and the presentation of diplomas at RHS or an alternative location).
- See below
- Wait to have graduation til we can have a real graduation.
- Wait until a normal ceremony is safe?
- Would like to suggest we either hold it off for a latter date. When you say a parade what does this mean. They are in side cars riding around. This is so awkward to see my child who has been going to school since preschool sit in a car. I would rather see them go to something like a big lot or drive in. With some type of screen that could be used to do a prerecorded presentation of all that would speak. Then have all the cars park away from each other so that all the students could stand out side there cars for a few moments to see all in their gowns. There has to be a drive in or a large enough lot to do this. I'm against a parade. Sorry.

35.4% (29 responses): RHS Graduation be held on Friday, June 12, as originally scheduled. This may be a modified ceremony (a parade through town, virtual components, and the presentation of diplomas at RHS or an alternative location).

13.4% (11 responses): RHS Graduation be held on Friday, June 26. This may be a modified ceremony (a parade through town, virtual components, and the presentation of diplomas at RHS or an alternative location).

39.0% (32 responses): RHS Graduation be held on Friday, July 17. This may be a modified ceremony (a parade through town, virtual components, and the presentation of diplomas at RHS or an alternative location).

## COMMENTS:

everyone is hoping to have a traditional ceremony so I think waiting till July would be best

i personally don't want a graduation by parade i fought to pass my senior year i want my traditional graduation. if that ,means we have to wait until the social distancing is raised then so be it . us senior have already been stripped of so much that others couldn't even comprehend so in that case we need to have a traditional graduation we cant be stripped of what every other senior has had before us.

Have graduation outdoors, over the course of several hours, with small groups coming and going, kids and parents or close family, standing in social distancing groups. Maybe on that stage at Riverside Park? Vary who is handing out the diploma (sealed in bags) so they can sanitize frequently. Anyone can wear a mask. Handshakes only if students are wearing disposable gloves. Have the speeches and scholarships recorded ahead and played in RCTV. Maybe a photographer who can take pictures from afar. Tape everything, edit it, and make it available/play on RCTV.

May all be impossible, may be crazy, got lots of time on my hands to brainstorm. Not hiding masks and gloves will put it in the record of, "This is the year that was..."

I think it should be 17th so we can hopefully have ceremony with seats and tickets

Would an outdoor graduation ceremony be considered?

Moving graduation to a later date gives the seniors a better chance of walking !

If we have to be six feet apart on June 12th, then my answer is July 17th

The only problem with the parade is that some students don't drive or have a car to drive. In which case those graduates would feel left out

As a senior I suggest that If we are unable to have a physical graduation a parade through town would be the best option.

a parade would be cool

On June 12th, all the graduates and their families can park in the high school parking lot (each family gets two cars). It's like a drive-in movie theater where we all face the stage where Mr. Woodward and other important people would be (6 ft apart). Maybe get a microphone out there and when you announce the students name, they'll drive up to the stage and grab their diploma, someone will set each diploma aside for everyone to grab. All the other cars can honk, clap, or yell for the graduate. Then once every student has their diploma, all the cars drive the parade route and the community cheers on the graduates.

I think it needs to be a traditional ceremony whenever it is held

All we want is a traditional graduation, the date doesn't exactly matter, all I want is for my son to walk across the stage! Thank you

Would like to suggest we either hold it off for a latter date. When you say a parade what does this mean. They are in side cars riding around. This is so awkward to see my child who has been going to school since preschool sit in a car. I would rather see them go to something like a big lot or drive in. There has to be a drive in or a large enough lot to do this. I'm against a parade.

VERY VERY disappointed with thus survey. Each answee is the exactsame options with only a different dates. Other than the dates, it represents nothing that was talked about on the coffee hour phone call monday morning.

A normal ceremony should take place at some point in my opinion :/

Please don't make this a "modified" graduation. We've worked the past 12 years of our lives for this ceremony. We don't care if it has to be pushed back further.

No July, a lot of graduates are going to college and waiting that long can interfere with transiting between the two.

I really hope we can have the ceremony we deserve! we have a worked so hard for this, and we deserve it. we want our family there with us and our closest friends by our side during graduation. not 6 feet apart or a drive thru graduation

If we are unable to have our tradition graduation could we use a radio station to broadcast the graduation while people sit in there cars and watch? Or could we air the graduation on the town tv channel so our family's could watch?

As a senior, I am absolutely begging administrators to do as much as they can to have a normal ceremony. I've waited 13 years of education and I don't think I would be able to handle that amount of disappointment on top of whatever I have already. Please.

Outside to designated areas which would be much easier to distance if applicable. Alternative date would be June 26.

We have an outdoor ceremony at the 107 fields where our guests share a car and the graduates sit spread out on the field, we project the speaker on a big screen and do the real thing but spaced out.

I know there are no weather guarantees, but having it outdoors at the middle school soccer field might be nice if restrictions allow and if it makes sense logistically. It's really a gamble with any date at this point. There's still too many unknowns. Thank you for caring enough to make this as special as possible given the situation.

Please I want to have my graduation I've waited 12 years and my whole life for this

I really want to see my daughter walk the stage and have family members there to cheer on her 12 yr success
