## Granite State College

Hello, Susan,

I hope this note finds you and your loved ones doing well during these challenging times. I'm writing to share information about a new opportunity for your students. Granite State College is committed to educating students in New Hampshire and beyond by delivering a high-quality education in an accessible, affordable, flexible, and innovative setting. As one of the four institutions of the University System of New Hampshire, Granite State College proudly delivers a practical and relevant online education – and has for over 20 years.

In response to the challenges presented by COVID-19 which may impact student plans for jobs, camps, travel and vacation, Granite State College will be offering select online courses for current high school students to earn college-level credit. Students must have completed their sophomore year of high school and be at least 16 years of age by the first day of the course in which they are enrolled.

Four-credit, six-week Summer Term courses for our High School cohort include:

COMM 542:	Interpersonal Communication and Group Dynamics
EDU 510:	Foundations of Education
ENG 500:	The Writing Process
PSY 501:	Introduction to Psychology

Classes begin July 6 and registration is open now. Details about the program, including the discounted tuition rate, course descriptions, and next steps can be found by visiting <https://info.granite.edu/high-school>.

My colleague and experienced Academic Advisor, Keri Bresaw, looks forward to supporting students with course selection and registration. All students participating in the Summer Term cohort will work directly with Keri. She can be reached via email at: [keri.bresaw@granite.edu](mailto:keri.bresaw@granite.edu) or phone at: 603-513-1373.

As New Hampshire's public, nonprofit college, we are regionally accredited and annually achieve top honors from *U.S. News & World Report* for Best Online Programs. We believe the flexibility of courses delivered by faculty with online expertise, can help your students advance toward their long-term college plans. Thank you in advance for sharing this opportunity.

Respectfully,

**Tara Payne**

*Vice President of Enrollment*
