Proposed revised policy adapted from NHSBA Sample Policy

A. General Conduct Standards and Disciplinary Concepts.

~~Student conduct that causes material or substantial disruption to the school environment, interferes with the rights of others, presents a threat to the health and safety of students, employees, and visitors, violates other Board policies or is otherwise inappropriate is prohibited. Students are expected to maintain appropriate classroom behavior that allows teachers and staff to perform their professional duties effectively and without disruption. Students will conduct themselves in a manner fitting to their age level and maturity, and with respect and consideration for the rights of others, while on School District property or on property within the jurisdiction of the School District; while on school owned and/or operated school or chartered vehicles; and/or while attending or engaged in school activities. Students may also be disciplined for off-campus behavior in accordance with the provisions of Policies JICDD and JICK.~~

~~Terms, and levels of discipline are established in Policy JICD, as are the due process procedures to be afforded relative to each level of discipline. Disciplinary measures as defined in that policy include, but are not limited to, removal from the classroom, detention, in-school suspension, out-of-school suspension, restriction from activities, probation, and expulsion.~~

~~Due process in accordance with all applicable laws will be afforded to any student involved in a proceeding that may result in suspension, exclusion, or expulsion. Students expelled from school may be reinstated by the Board under the provisions of RSA 193:13.~~

B. Implementation and Notice.

~~The School Board delegates to the Superintendent the responsibility of adopting and implementing such age appropriate rules and regulations for each school as he/she, in consultation with the appropriate building Principal, deems necessary to implement this policy.~~

~~The content of RSA 193:13, this policy, and any such rules and regulations adopted hereunder, shall be printed in the student handbook(s) and distributed to all students, and parents/guardians. The Superintendent shall also assure that this policy, the content of 193:13, and any such rules and regulations adopted under this policy are made available on the District's website, with additional notice provided to the student body as the Superintendent or building Principal deems appropriate (e.g., periodic postings and notices).~~

~~Rules and regulations adopted and published under this policy will be deemed to be regulations and policies of the School Board and maintained as School Board records. The Superintendent shall provide to the School Board copies of all student handbook(s), and other rules and the regulations adopted under this policy. The School Board retains the authority to modify, supersede, or suspend any such rules and regulations consistent with the Board's statutory authority, and other Board policies regarding review of administrative rules, regulations and procedures.~~

C. Parental Notification of Simple Assaults.

~~Pursuant to RSA 193-D:4, I (b), the Superintendent is directed to adopt and implement procedures regarding notification to parents/guardians of each student involved in a simple assault (victim and perpetrator) occurring during the school day, when such assault causes: any form of bodily injury, including bruising or discoloration, or would otherwise constitute a disciplinable offense under either District or building rules of conduct. For purposes of this policy, "simple assault" shall have the same meaning as that provided in RSA 631:2 a (a simple assault occurs when one purposefully or knowingly causes bodily injury or unprivileged physical contact to another; or recklessly causes bodily injury to another or negligently causes bodily injury to another by means of a deadly weapon).~~

~~**D. Disciplinary Removal of Students with Disabilities:**~~

~~If a student is disabled under the Individuals with Disabilities Act (IDEA), the New Hampshire RSA 186-C, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act, or any other law providing special rights to disabled students, those laws shall govern and shall supersede these local policies to the extent these local policies are inconsistent with those laws. Accordingly, any suspension or expulsion of a child with a disability as defined in Ed 1102.01(t) shall be in accordance with Ed 1124.01.~~

A. General Policy.

The School Board is committed to promoting a safe, healthy, orderly and supportive school and learning environment. To achieve that for all, it is important for students to conduct themselves in a manner fitting to their age level and maturity, and with respect and consideration of other students, District personnel and other members of the community. Students are expected and required to maintain appropriate behavior that allows teachers and staff to perform their professional duties effectively and without disruption while on School District property or on property within the jurisdiction of the School District (including vehicles); and/or while attending or engaged in school activities.

Expectations for student conduct and standards of behavior shall be communicated through written Board policies, as well as District and/or school rules. Those policies and rules should be included in the rules of conduct for each school.

Student conduct that causes material or substantial disruption to the school environment, interferes with the rights of others, presents a threat to the health and safety of students, employees, or visitors, and/or violates the rules of conduct, or classroom rules is prohibited. Response to violations of the rules of conduct, however, should be designed to maximize student academic, emotional and social success, while at the same time assuring safety of all students, staff and school visitors. With this objective, the Board endorses adoption of a Multi-Tiered System of Support for Behavioral Health and Wellness ("MTSS-B") as the framework for the rules of conduct. District personnel who interact with students are expected to utilize progressive disciplinary measures, and to place emphasis on educating students so they may grow in self-discipline. Suspensions and expulsions shall be administered consistent with the applicable rules of conduct and Board policy JICD.

B. Student Rules of Conduct

The School Board delegates to the Superintendent, in consultation with the appropriate building Principal and counselors, the responsibility of adopting and implementing student rules of conduct with such age-appropriate rules and regulations for each school as he/she deems necessary to implement the

objectives of this policy, and reflects the three-tiered support prevention of framework of MTSS-B: school-wide approaches; targeted supports for at-risk students; and individualized services for highest-needs students.

The rules of conduct for each school shall be submitted to the School Board for approval each year, either separately or with the applicable student handbook. Consistent with the Board's statutory authority, and other Board policies regarding review of administrative rules, regulations and procedures, the School Board retains the authority to modify, supersede, or suspend any provision of the rules of conduct.

The rules of conduct shall include:

1. A graduated and age-appropriate system of supports and intervention strategies, such as:
 - parent conferences,
 - counseling,
 - peer mediation,
 - instruction in conflict resolution and anger management,
 - parent counseling and training,
 - community service, and
 - rearranging class schedules.

2. Graduated and age-appropriate disciplinary consequences such as:
 - restriction from extra-curricular activities,
 - temporary (same day) removal from class or activity,
 - detention,
 - temporary reassignment/in-school suspension,
 - out-of-school suspension, and
 - expulsion.

3. Provisions describing how and when short term suspensions of up to 5 days, short term suspensions up to 10 days, long term suspensions up to 20 days, and/or expulsion should be imposed. These standards shall make reference to and reflect:
 - the nature and degree of disruption caused to the school environment;
 - the threat to the health and safety of pupils and school personnel, volunteers or visitors;
 - whether the conduct or behavior is isolated or repeated.

All temporary (same day) removal from classrooms or activities, restriction from activities, detentions, suspensions and expulsions shall comport with applicable laws, regulations and Board policy JICD.

4. Information regarding RSA 193:13, 193-D, this policy, Board policy JICD, and other Board policies or District/school rules regulating student conduct on and off-campus. Except where the complete text of a statute, regulation or policy is required, the Rules of conduct should include age appropriate language. E.g., summaries for elementary grade levels.

C. Implementation and Notice.

The Superintendent shall assure that the rules of conduct, complete with the information set out in section B.4, above, shall be printed in full in each student handbook, made available to parents at the beginning of the school year, publicly available on the school, District and/or SAU district website.

Additionally, building Principal(s) shall assure student awareness of the rules of conduct and other District policies and building rules through print, postings and periodic announcements.

The Superintendent should also designate personnel to explore the availability of and pursue any State or Federal grants, technical assistance and professional development opportunities available to facilitate implementation of MTSS-B per RSA 135-F:5, I(c) and (d).

D. Parental Notification of Simple Assaults.

Pursuant to RSA 193-D:4, I (b), the Superintendent is directed to adopt and implement procedures requiring parents/guardians of each student involved in a simple assault (victim and perpetrator) occurring during the school day, when such assault causes: any form of bodily injury, including bruising or discoloration, or would otherwise constitute a disciplinable offense under the rules of conduct. For purposes of this policy, "simple assault" shall have the same meaning as that provided in RSA 631:2-a (a simple assault occurs when one purposefully or knowingly causes bodily injury or unprivileged physical contact to another; or recklessly causes bodily injury to another or negligently causes bodily injury to another by means of a deadly weapon).

E. Disciplinary Removal of Students with Disabilities.

If a student is disabled under the Individuals with Disabilities Act (IDEA), the New Hampshire RSA 186-C, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act, or any other law providing special rights to disabled students, those laws shall govern and shall supersede these local policies to the extent these local policies are inconsistent with those laws. Accordingly, any class or activity removal, suspension or expulsion of a child with a disability as defined in Ed 1102.01(t) shall be in accordance with Ed 1124.01.
