

Raymond School District Policy - JLCA

PHYSICAL EXAMINATIONS OF STUDENTS

Each child must have a complete physical examination within one year preceding first entry to school. The Board also requires that physical exams be completed before entry into middle school and again before high school. No medical examination shall be required of a child whose parent or guardian objects thereto in writing on the grounds such medical examination is contrary to his/her religious tenets and teachings.

Parents of students transferring to the District must present proof of meeting the physical examination requirement within 30 days of entry into the District's schools. Failure to comply with this provision may result in exclusion from school for the child.

Prior to participation on a school athletic team, students must provide written documentation that they have passed a physical. Such exam must be completed at least once every school year. This requirement does not apply to students participating in intramural athletics. The school may schedule physical exams; any student who misses the scheduled physicals must present evidence of a physical exam from his/her own licensed health care provider.

Physical examination reports of the physician will be considered to be sufficient for athletic participation. The report must include a statement that the student is cleared to participate in the physical activity. The physician should be asked to note if it is a routine physical or a sports physical.

No child shall be excused from regular physical education except on the written notice of a duly licensed health care provider or on the written request of the parents, subject to the Superintendent's approval, in which case an alternative program shall be provided. The physical education teacher, school nurse, or principal, upon the request of the parents, may grant temporary excuses on a day-to-day basis.

Parent Notification - Certain Circumstances

Pursuant to the Protection of Pupil Rights Amendment, if the District utilizes federal money to perform physical exams or screenings on students, the District will notify parent(s) of such physical exam or screening and will allow the parent's to "opt out" their child of any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent and scheduled by the school, and not necessary to protect the immediate health and safety of a student or of another student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law.

*No Child Left Behind, Title II, Sec 1061
Protection of Pupil Rights Amendment, 20 U.S.C. §1232h; 34 C.F.R. Part 98*

~~Each child shall have a complete physical examination within a one-year period before first entry to school. A physical exam is required for all students entering a new school within the district; K, 5 and 9th grade.~~

~~However, no medical examination shall be required of a child whose parent or guardian objects thereto in writing on the grounds that such medical examination is contrary to his/her religious tenets and teachings.~~

~~Parents of students transferring to the District must present proof of meeting the physical examination and immunization requirement within thirty (30) days of entrance. Failure to comply with this provision may result in exclusion from school for the child.~~

~~A child shall be exempted from the above immunization requirements if he/she presents evidence from his/her physician that immunization will be detrimental to his/her health. A child shall be excused from immunization for religious reasons upon the signing of a notarized form by the parent/guardian stating that the child has not been immunized due to religious beliefs.~~

~~Students must pass a physical every year to be eligible for athletics for that school year. Students must present evidence of a physical exam from his or her own physician/nurse practitioner or physician's assistant. Any injured student excused from athletic practice for three or more days while under a physician's care must provide written authorization from a physician to the coach in order to resume practice.~~

~~No child shall be excused from regular physical education except on the written notice of a duly licensed physician or on the written request of the parents, subject to School Board approval, in which case an alternative program shall be provided. Temporary excuses on a day-to-day basis may be granted by the teacher upon the request of the parents.~~
