- 6:20 PM A. Consideration of Waiving Immunization Policy Timelines _ _ _ Information

I have consulted legal counsel and our own school nurses, who are very connected with the Department of Health and Human Services. Unlike physical examinations, the District has no authority to waive the requirements for immunizations, since the requirement is based in law. Please note that a student may be conditionally enrolled if they have had one dose of an immunization and the next is scheduled. At this time there is no indication from DHHS that any change in immunization requirements is anticipated.

- 6:35 PM B. Remote Summer Enrichment Activities _ _ _ _ _ Action

A Board member has asked to consider if the District should offer additional, supplementary educational opportunities for those students (and their parents) who desire them. LRES and IHGMS send home suggested activities for students to engage in during the summer, and RHS is working to put together a fun summer reading list. Additionally, there are online resources that are free, such as [Kahn Academy Kids](#).

This summer, we are offering an additional two weeks of Extended School Year for special education students who qualify, and summer school at RHS is open to any student who wants participate and boost their competencies (even if they did not fail the course). This being said, if the Board wishes for the District to expend additional funds to increase these options further, action is requested. Most VLACS classes are free, but there are some opportunities with costs associated with them. Some of these are listed below:

6:50 PM C. RHS Preschool Restroom Construction Bid Award _____ Action

*Below is some information about the bids for the RHS renovations needed to bring preschool to that building. The most economical bidder was JBC. Because of the cost of the project a Payment & Performance Bond is needed. Including that expense, the total total cost of the project is **\$131,075** (see revised proposal), which is still lower than the other bid from DL King & Associates.*

7:05 PM D. Preschool Playground Bid Award _____ Action

This project was brought to the School Board at the April 1st meeting. At that time, the Board elected to put the awarding of the project on hold.

7:20 PM E. Graduation Expenses _____ Action

This agenda item allows time for the Board to determine if funds should be encumbered for graduation expenses, if fiscal requirements allow.

7:35 PM F. Eagle Scout Project Cross Country Trail Maintenance _____ Action

Eagle Scout Alex Tellier previously presented a proposal to the Board about creating a trail through the woods (primarily) on District property; his project was approved by the Board. Because a small stretch of the trail goes through Town land, he also presented to the Board of Selectmen. The BOS/Town would like to establish a Memorandum of Agreement regarding the maintenance of that (Town) section of the trail, so I am asking the Board to formally consider whether or not it would support such an MOA. The end result of such an agreement would be that the District would maintain that section of the trail along with the rest. This will be especially relevant if we decide to host a cross country meet in the future.
