

Principal's Trimester Report to the Raymond School Board

Laura Yacek, Principal, Lamprey River Elementary School

2021-2022, 3rd Trimester Report, (July 2022)

April

4/13 Author Visit for grade 2- David Elliott

4/22- School-Wide Earth Day Celebration

May

5/9 Parent/Teacher Conferences

5/9 3rd School-Wide Benchmark assessments

5/11 Tiger Presentation on Kindness

5/18-5/20 1st Grade Field Trip to the NH Audubon

5/18 Book Fair and Art Show

5/23- Beginning of SAS Testing for Grade 3

5/23 2nd Grade Field Trip to the Seacoast Science Center

5/27 Memorial Day Event

June

6/1 SAS Testing for Grade 3 continued

6/7 HS Seniors visit for clap out & 3rd Grade Info night

6/8 3rd Grade Field Trip to Strawberry Banke

6/9 - Grade 3 Step Up day to IHGMS

6/10- LRES Field Day

6/13 - Preschool Step Up Day

6/14-Kindergarten Celebration

6/16- 3rd grade BBQ & Celebration with families

6/14-17 Dudley Library Visit to Kick off Summer reading

6/20- K-2 Step up day for students & Last Day of School with 3rd grade clap out

Grade Level/Team Highlights

Highlights

Kindergarten - Students were introduced to digraph sounds in FUNdations and practiced reading and writing words with those digraphs sounds. In science, students learned about the plant life cycle and insects, with a focus on the butterfly life cycle. In math, students have been using a variety of ways to show their number sense and practiced addition. They have become quite the readers and mathematicians as they prepare for grade one!

First Grade - Students enjoyed a field trip to the Massabesic Audubon in Auburn to enhance their learning about animals and plants. In social studies, students “shopped at stores” in their classrooms to learn about coins and products in a local market and ended their year with a unit on maps. In math, students expanded their knowledge of addition and subtraction by learning how to add and subtract with double digits. They solidified their understanding of place value, telling time to the hour and half hour, and ended the year with measurement and graphing. In literacy, students focused on informational research pieces about animals. Our first graders have continued to grow as readers as they prepare to become second graders!

Second graders took a trip to the Seacoast Science Center to enhance their study of biomes and more specifically, the ocean. They enjoyed scouring over rocks to locate living sea creatures in the tidepools. Indoor explorations were just as exciting holding critters in the touch tanks and observing live coral reefs. In literacy, the focus was on Informational writing. To finish out the year in math, students solidified their skills in telling time using five minute intervals, counting coins, measurement and their graphing skills.

Third graders completed their first ever round of SAS testing. Students were happy to have family members create cards of encouragement for them for each testing day and were fed a breakfast feast each morning of testing! When not testing, students were increasing their math knowledge of fractions, measurement, and area and perimeter. Students enjoyed a field trip to Strawberry Banke that enhanced their studies about immigration. They learned what it was like to arrive in Portsmouth, NH in the 1890's.

LRES STAR Benchmark DATA 21-22 SY - Proficiency Percentages
Math

Grade	Fall 2021	Winter 2022	Spring 2022
Kindergarten	N/A	N/A	N/A
First Grade	43%	62%	66%
Second Grade	33%	56%	61%
Third Grade	45%	65%	53%

Reading

Grade	Fall 2021	Winter 2022	Spring 2022
Kindergarten (E.L.)	38%	53%	53%
First Grade	34%	48%	50%
Second Grade	33%	48%	51%
Third Grade	43%	53%	53%

Upcoming Events

We always look forward to the return of staff and students in August. We really enjoy the opportunity to meet our incoming Kindergarteners and their families the week of screening visits beginning August 29th.

Other

Enrollment at the end of the school year: 6/20/2022

- K- 90 students
- 1- 93 students
- 2- 99 students
- 3- 91 students

Total: 373 Students
