8:45 PM H. Technology Committee Plan & Charge _ _ _ _ _ _ _ _ _ _ _ _ Action

It was recently brought to our attention that the motion made in June 2018 to approve the Technology Plan should have resulted in an amendment to the cover of the Technology Plan to designate June 2022 as the end date. That change was not made, and as such, we have been working under the assumption that the end date is June 2024. The Technology Plan and the Technology Committee Charge are linked below. At this time, I am suggesting an extension of the current Technology Plan to June 2023. The Board may also want to revise the timeline in the Technology Committee Charge.
