Parking Backup for Tuesday.

Hi Joe- sorry for the delay in response. Yes, we do have a new parking garage next to the stadium. It is owned by SNHU and they've We can arrange parking for you there. They have been kind enough to offer the garage at no cost to help with our overflow parking. However we have about 180 spots available between all of our lots.

Thanks,

Stephanie

Hi Stephanie,

One question has can up. Parking? I have been to several games and just paid to park in the lot next door. I know you have some parking by the main entrance. Someone said their was a new parking garage near the stadium? How much can your lot hold, how much, or how much is parking around when it is not a game.

Thank You,

Joe

A week is fine!

Steph

I could make up my mind right now, but not speaking for the rest of the board if they want input from students. I would say a week or less.

Joe

How long do you think you'd need? I have it on a courtesy hold for you right now.

Hi Stephanie,

Sorry I've been out all day This maybe in the email ahead, but when do you need to know if we decide to use the stadium?

Joe
