

Principal's Quarterly Report to the Raymond School Board

Steve Woodward, Principal, Raymond High School

2020-2021, Q3 Report, April. 21, 2021

Highlights	<p>Congratulations to Maddie Yockel, the NHIAA's Individual Bowling Champion for 2021. Maddie is currently the best high school bowler in the state in all divisions. No small feat and we are very proud of her.</p> <p>On Tuesday, February 16, members of RHS and RSD presented to the Fremont School Board. Multiple people were involved from students, teachers, IT, SAU. The presentation went well, but the highlight was our video presentation. A special thanks to Jennifer Heywood for putting together an inspiring video presentation.</p> <p>Report cards were issued on Friday, April 31, marking the end of Q3. Students have just completed their final/midterm exams. We continue to report out on course competencies and work-study practices.</p> <p>We were excited to open fully on Monday, April 19 and will report out additional information about the reopening at RHS.</p>
Acknowledgements	<p>*Starfish Award: The Starfish Award is given to a teacher each quarter who goes above and beyond who connects with students in the classroom. The Q4 honorees are Maria Eanes and Bob Lemoine.</p> <p>I would like to thank Tricia Wentworth and the rest of the school counseling team for putting into place supports for staff and students as they return to school. These include stress relievers, counseling groups, and morale boosters as we prepare to open fully.</p> <p>The faculty and staff of RHS. This school year has been a wild and crazy ride. Through all of the changes and challenges this year has brought, they showed themselves to be professionals they are.</p>
Updates	<p>Course selections for the 2020 - 2021 school year are completed. The schedule for the 2021 - 2022 school year will be spun the first week in May. All core area teachers will have common planning time built into the schedule based on recommendations from NEASC.</p> <p>Sophomores took the PSAT10 and juniors took the SAT on Tuesday, April 13. We did experience some technical difficulties with the SAT which was digital and testing took longer than expected.</p>
Challenges	<p>Classroom coverage has continued to be a challenge in Q3 and will be for Q4 as well. At times we have had to combine classes in the cafeteria to ensure supervision. This should less of an issue moving forward as the faculty have been vaccinated and remote teachers are returning to the building.</p> <p>Our biggest challenge has been re-engaging remote students who are disengaged, but were also disengaged when they were physically in the building. If there is going to be</p>

a remote option next year, there needs to be an approval process and expectations for those remote students.
