8:20 PM E. Nominations/Resignations ----- Action

As reviewed during non-public session.

8:25 PM F. New/Revised Policies - First Reading ----- Discussion

[BBBC Board Member or District Officer Resignation](#)

NHSBA revision notes: policy was substantially revised to offer a more detailed process for boards when faced with a resignation.

[BGD Board Review of Administrative Regulations](#)

The last revision from NHSBA for this policy was in 2004, so there are no notes from NHSBA. However, it is an NHSBA-recommended policy that the District does not currently have.

[BEDH Public Participation at Board Meetings](#)

Proposed revisions reflect updates made to the NHSBA sample policy incorporated into our current policy: From NHSBA: "... RSA 189:74 now requires school boards to provide no less than 30 minutes public comment opportunity at each of its meetings. Previously, while most school boards included public comment periods in their meetings, it was not required. The law leaves boards with choices about how the public comment period is administered. E.g., boards may: (1) request – but not require – pre-registration, (2) set per speaker time limitations, (3) restrict comment that disclose student/staff PII, and/or (4) exclude/allow remote comments."

[IHCD Advanced Coursework/Advanced Placement Courses and STEM Dual Enrollment and Concurrent Enrollment Program](#)

NHSBA revision notes: Sept. 2021, in first paragraph of Section A corrected "10 and 12" to "10 through 12", and added reference to CTE courses in the same paragraph to reflect 2021 amendment to RSA 188-E:26; Nov. 2019, revised in response to 2019 N.H. Laws Ch. 322 (SB 276). Revisions include: (a) opening dual/concurrent enrollment programs to sophomores, (b) reference to a career readiness credential, and (c) replacement of guidance counselor with school counselor. Dec. 2017 - revised to reflect that the Dual and Concurrent Enrollment Program is specific to STEM courses and further that the Superintendent/designee is responsible for coordinating any agreements between the district and CCSNH, as required under 188-E:28. September 2017 - updated to incorporate the Dual and Concurrent Enrollment Program established by 2017 N.H. Laws 210 (SB 101) which required districts to adopt a policy permitting qualified students to participate in the program.

[IKFG Career Readiness Pathways & Credentials](#)

NHSBA policy notes, November 2019, At this time this new sample policy is more of a placeholder, and is intended to help assure that districts with high schools are aware of the short-term requirements of SB 276, 2019 N.H. Laws Ch. 322 "The Career Readiness Drive to 65 Act". Among other things, the act requires that beginning in Fall 2020, all high schools must assess career interests for incoming freshmen, advise entering students how to achieve a career readiness credential ("CRC") upon graduation, and imposes various record keeping measures relative to career readiness pathways ("CRP") and CRCs. While the act includes definitions for both CRC and CRP, those definitions do not include specific substantive criteria, leaving it, at least for now, to local districts to manage. DOE is working on establishing criteria for a career readiness certificate, and a transcript structure for work-based learning.

8:35 PM G. New/Revised Policies - Second Reading _____ Action
