Student Data Privacy

House Bill 1612 (HB 1612)

Minimum standards for privacy and security of student and employee data

Per 2018 HB 1612, the Department of Education is required to establish minimum standards for privacy and security of student and employee data, based on best practices, for local education agencies.

To comply with this legislation, the Department in collaboration with the Department of Information Technology, has developed minimum standards document.
