

School Board Meeting with  
Raymond Board of Selectmen  
RHS Well Site Walk  
April 18, 2016  
Minutes  
Approved May 4, 2016

Call to Order: John Harmon called the meeting to order at 6:15 PM with Joe Saulnier and Andrea Peterson also in attendance for the School Board, and Ellen Small and Todd Ledoux present for SAU 33. In attendance for the selectman were Greg Bemis, Colleen West-Coates, John Barnes, and Johnathan Wood. Raymond Town Manager Craig Wheeler and Raymond Public Works Director Steve Brewer are also in attendance. Jamie Emery was present for Emery & Garrett Groundwater Investigations, LLC. School Board Member Jaclyn Serrine joined the meeting at 6:20pm.

During a quick overview of the land, Mr. Emery explained how pristine the water was that came out of the well, some of the activity that took place during testing, and where the well pump may be located." During discussion:

- Mrs. Peterson asked for clarification regarding the no-pesticide rule, to which Mr. Emery confirmed that no pesticides are allowed unless they are inert.
- Mrs. Small stated she has never seen anyone spraying in this area.
- Mrs. Small asked if there is any way to do down the power lines with the piping instead of up the access road and through the parking lot area, to which Mr. Emery stated that the engineers will come up with a plan which will be forwarded to the school.
- Mr. Emery clarified that the discharge line as stated on the map is for all the excess water during the 24/7 pumping test that was done.
- Mrs. Peterson asked about the size of the pipeline, to which Mr. Emery stated that the pipeline will most likely be an 8" pipe.

Adjournment: MOTION: Jaclyn Serrine moved to close the meeting at 6:43 PM. Andrea Peterson seconded the motion. The motion passed 4-0. Meeting adjourned at 6:43 PM.

Respectfully submitted,

Joe Saulnier,  
School Board Secretary
